New Regulations providing against Forfeiture of Policies through inability to meet Premiums.

“The theory now adopted by the Scottish Equitable is, in fact, so far advanced, that it is impossible that any other office can bid higher for public support.”—*Review*, 18th February, 1885.

**New Assurances effected during year ending 1st March, 1885—
over £730,000.**

The Business of the Society is conducted at a moderate rate of Expense, and the Society being purely mutual, the whole of the Profits are divided among the Policy Holders. In this way large additions have been made to Participating Policies.

Original Introducers of the
Far-famed Ginger Ale.

Greenock Apothecaries' Co.,
CHEMISTS AND MANUFACTURERS
OF THE UNRIVALLED
AERATED WATERS.

Purity certified by Eminent Analysts.

MORE than 70 years have now elapsed since our increasingly favourite AERATED BEVERAGES were first introduced; and solely by their superior merit and moderate price they have now attained the unqualified approval of a wide circle of all classes of society. Their manufacture has always been under the immediate supervision of medical men, which is the best guarantee the public can have that the AERATED WATERS manufactured by the Company are the purest and most wholesome that can be produced. All the materials used are of the highest degree of purity. The water is subjected to thorough filtration: each bottle contains a definite and unvarying proportion of the respective alkalies or syrups; and as scrupulous care is exercised in their manipulation, they may be relied on as absolutely free from organic and metallic contamination.

The Spacious Premises, built expressly to meet the rapidly increasing demand for our AERATED WATERS, and fitted with appliances of the most modern, powerful, and approved description, are now the largest and most complete works of the kind in Scotland.

A letter posted unpaid is chargeable on delivery with double postage, and a letter posted insufficiently prepaid is charged with double the deficiency. On a re-directed letter, the charge for re-direction is the same whether prepaid or collected on delivery.

No letter may exceed the dimensions of one foot six inches in length, nine inches in width, and six inches in depth.

ADDRESSES TO THE QUEEN AND PETITIONS TO PARLIAMENT.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the sides. No letter, or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

I.—NEWSPAPERS (Inland).

Subject to the following regulations, Newspapers pass within the United Kingdom at the rate of one halfpenny each:—

- 1st. To have the privilege of passing as a Newspaper, the publication must first have been accepted as a Newspaper by the Post-

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

master-General, and have been placed on a Register at the General Post-Office,* from which it is liable to be removed, either through the non-renewal of the registration year by year, or in consequence of any change which may deprive it of the characteristics of a Newspaper.

Registration for inland circulation includes registration for transmission abroad.

- 2nd. It must be printed and published in the United Kingdom, must be published in numbers at interval of not more than seven days, and must be printed on a sheet or sheets.
- 3rd. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and date of publication at the top of every subsequent page; and this regulation applies to "Table of Contents" and "Indices."
- 4th. A supplement must in every case be published with the Newspaper, and must have the title and the date of publication of the Newspaper printed on the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of sheet or side.
- 5th. For each Newspaper, whether posted singly or in a packet, the postage when prepaid, is one halfpenny; but a packet containing two or more registered Newspapers is not chargeable with a higher rate of postage than would be chargeable on a book-packet of the same weight, viz., one halfpenny for every 2 oz. or fraction of 2 oz.
- 6th. A Newspaper posted unpaid, and a packet of Newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book packet of the same weight.
- 7th. The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.
- 8th. No Newspaper can be sent through the post a second time for the original postage. For each transmission a fresh postage must be prepaid, except that in the case of re-direction the amount chargeable may be collected on delivery.
- 9th. Every Newspaper, or packet of Newspapers, must be posted either without a cover, or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.
- 10th. Every Newspaper must be so folded as to admit of the title being readily inspected.
- 11th. A Newspaper, whether posted singly or in a packet, which contains any enclosures except the supplement or supplements belonging to it, will be charged as a letter, unless the enclosure be such as might be sent at the Book-rate of Postage and the entire packet be sufficiently prepaid as a book-packet, in which case it may be allowed to pass.

* The condition of admission to the Register may be ascertained on application to the Secretary of the Post-Office.

- 12th. A Newspaper which has any letter, or any communication of the nature of a letter, written in it, or upon its cover, will be charged as an unpaid or insufficiently paid letter.
- 13th. No packet of Newspapers must exceed 14 lbs. in weight, nor may it exceed two feet in length or one foot in width or depth.

PARCEL POST TO INDIA AND CEYLON.

The Indian Parcel Post is not connected with the British Post Office, but is an arrangement between the Indian and Ceylon Post Offices on the one hand, and the Peninsular and Oriental Steam Navigation Company on the other.

The Company's circular on the subject is as follows :—

The Peninsular and Oriental Steam Navigation Company are authorised by the Director-General of the Post Office of India to receive parcels for delivery at any post town or district throughout India or Ceylon at a uniform rate of 1s per pound, or fraction of a pound weight.

This charge covers the conveyance from London to the address in India, &c. (but does not include Duty), and may either be prepaid or paid on delivery.

Parcels intended for this conveyance must be sent either to the Company's Office, 122 Leadenhall Street, E.C., or to their Branch Office, 25 Cockspur Street, S.W., London, by two o'clock P.M. Monday in each week, legibly addressed to their destination in India, marked, "To be forwarded by Indian Parcel Post." If sent to the Company's Office by post or other conveyance, the Indian Address must be put on an inner cover. In all cases they must be accompanied by a letter of advice to the Company, stating name and address of package, and value and contents, for Custom House clearance; and also distinctly stating whether carriage is to be prepaid or not. If for prepayment, a cheque or P.O. Order for the amount must be enclosed in the letter, payable to Mr A. M. Bethune, Secretary, or when sent to Cockspur Street, to Mr F. H. Firth, agent. Particular attention is requested to these regulations in order to save any delay in the despatch of Parcels.

Parcels conveyed under these regulations must not exceed 50 pounds in weight, and 2ft. x 1ft. x 1ft. in measurement, nor be more than £50 value. Jewellery, gold and silver wares, watches or precious stones, are charged an additional *ad valorem* rate of 1s on every £5 or fraction of £5, which must be prepaid. They should be entirely closed, and any articles liable to suffer from crushing must be in a strong wooden case not less than half-inch thick (tin lining optional). Packages not in wood must have an outer covering of stout canvas if measuring 1 cub. ft. and upwards.

Senders of parcels from the country will receive a receipt for them from the Company in due course, and, if required, the Company will effect insurance against sea and land risks. The charge for insurance, which must in all cases be prepaid, will be 1s up to £3 value, 2s 6d up to £10, 5s up to £20, 7s 6d up to £30, 10s up to £40, and 12s 6d up to £50.

Packages of a fragile nature, or containing liquids, or articles of a dangerous or damaging nature, will not be received.

REDUCED RATES FOR BOOKS.—Under the authority of the Director-General of the Post Office of India, the rate for the conveyance of book packets (as defined by the Post Office Guide, page 190) from London to British India, has been reduced to 6d per lb. or fraction of a lb.

If any other article is found enclosed in the book packet when examined by the Customs at Bombay, an extra rate of 2s per lb. on the package will be charged to the addressee.

No letter must, under any circumstances, be enclosed in these parcels.

If a receipt is required, a stamp and directed envelope must be enclosed in the advice.

If no advice accompanies the package, it will be liable to be charged at the 1s rate.

Remittances from the country must be by cheque, Post Office Order, or penny stamps. Stamps of a higher denomination cannot be received, and they must not be defaced or affixed to the packages.

CUSTOM OF THE PORT.

The Chamber of Commerce and Manufactures of Greenock, at a General Meeting held this day, declare that the following is the Custom of the Port of Greenock, with reference to the matters herein referred to, applicable when no special stipulations are made in Charter Parties or other binding documents :—

I.—ENTERING CARGO.

1. When a vessel has been reported at the Customs, the Master gives notice to the Consignee, and the latter is bound, within forty-eight hours after such notice, to enter the cargo at the Customs.

II.—BERTHING VESSEL AND DELIVERING CARGO.

1. Vessels are bound to discharge at the berths assigned by the Harbour Master, and Consignees are bound to take delivery of cargo from alongside when landed at the quay at said berths.

2. In the case of Timber discharged into the water, the Consignee is not bound to take delivery unless the timber is inside a Harbour Basin, so that when the assigned berth is not inside a Harbour Basin, the ship is bound to float the timber into a Harbour Basin, and deliver it there.

3. All deals, staves, or broken stowage must be landed on the Quay by the ship.

III.—TIME FOR DISCHARGING WHEN NO NUMBER OF LAY DAYS IS SPECIFIED IN THE CHARTER PARTY.

1. When the vessel is in the berth assigned by the Harbour Master, the Master gives notice thereof to the Consignees, and the Master is bound to begin delivering, and the Consignee to begin taking delivery of the cargo within twenty-four hours thereafter, provided the time allowed for entering the cargo shall then have elapsed.

2. The Master is bound to tender, and the Consignee to receive, cargo each working day, weather permitting, at the following rates, unless a larger quantity is mutually agreed on, or unless modified by the Harbour Master, in virtue of the powers possessed by him under the Harbour Bye-Laws :—

- a. Vessels laden with sugar not exceeding 200 tons register, are allowed one working day for every 50 tons of the estimated weight of the cargo; and vessels above that tonnage similarly laden are allowed one day for every 75 tons of the estimated weight of the cargo during the winter months (October to

February inclusive), and for every 100 tons of such estimated weight during the remainder of the year, except in regard to vessels with Brazil cases of sugar, which are allowed one day for every 50 tons during the first period, and every 75 tons during the latter period.

- b. Vessels with wood or timber are allowed one day for every 100 loads of the cargo during the winter months, and for every 150 loads during the remainder of the year.
- c. The discharge of vessels laden with other non-dutiable goods to be carried on during the ordinary working hours according to the season of the year—unless when overtime is worked by mutual agreement, and Consignees are bound, weather permitting, to keep the discharge going continuously during said hours, and to receive and to remove the cargo from the ship's gangway in such a way as to enable the work to be carried on without interruption throughout the entire discharge to the full extent of the ordinary hours allowed for carrying on the work.

IV.—LAY DAYS WHEN THE NUMBER IS SPECIFIED.

1. The Master gives written notice to the Consignee when the vessel is in the Discharging Berth assigned by the Harbour Master and ready to discharge, and the lay days begin to count from the date on which the said notice is given; but the day of giving notice does not count as a lay day unless the said notice is received by the Consignee before Twelve o'clock noon.

2. In case the harbours are so crowded that the vessel cannot be berthed, the Master gives written notice to the Consignee when the vessel is in the Harbour Basin or moored at the Quays, and, provided she would have been ready to begin discharging if the berth had been available, such notice takes the place of that provided in the previous clause.

3. Days (not described as "running days") meaning working days—*i.e.*, Sundays and Customs and local holidays, do not count.

4. When the number of lay days is specially mentioned for discharging, the Master is bound to tender, and the Consignee to take delivery, of a proportionate quantity of the cargo each working day, unless some other quantity is mutually agreed on.

NOTE.—Should the said proportionate quantity be less than the quantity specified above (Section III., Clause 2), the Master is bound to tender, and the Consignee to take delivery, of the latter quantity each working day.

5. When the number of lay days for discharging is the unexhausted balance of a number specified for discharging and other purposes, the quantity to be tendered and taken delivery of each working day is the quantity specified above (Section III., Clause 2), unless a larger quantity is mutually agreed on.

6. A day does not count against the Consignee if the discharge is interrupted through failure of the Master to tender cargo as above stated.

V.—SETTLEMENT OF FREIGHT.

1. Freights on wood and timber from ports in Canada and United States are payable, one-third in cash on arrival, and the remaining two-thirds on right and true delivery of the cargo, in good and approved Bills at four months, or in cash less four months' discount at the rate of five per cent. per annum, from the date of completion of discharge.

2. All other Freights, except Coasting and Continental Freights are payable on right and true delivery of the cargo in cash, less one month's discount at the rate of five per cent. per annum, from date of vessel's report at Customs, in cases of cargoes from ports on this side of Cape Horn and the Cape of Good Hope, and less two months' discount at the said rate in cases of cargoes from ports on the other side of the said Capes.

3. Freights on goods payable by weight are payable on the net weight delivered, unless otherwise specially stipulated, except Coasting and Continental Freights, which are payable on the gross weight, unless otherwise specially stipulated. Freights payable by measurement are payable by calliper measure, unless otherwise specially stipulated.

4. When Freight is payable by a Bill on Usance on London or in cash equal thereto, cash without discount is meant, or a Bill for the same amount on London at such a date as the Banks here will grant without charge.

5. Approved Bills means Bankers' Drafts or Acceptances guaranteed by a Banker.

6. When the ship is consigned to charterers or their agents paying usual or customary commission, the consignee of the cargo is entitled to deduct two-and-a-half per cent. from the amount of Freight payable by him.

NOTE.—When Freight is to be paid in cash on right and true delivery of the cargo, without reference to the custom of the port, net cash free from discount is meant.

DICK'S Waterproof Boots

With Leather or Gutta Percha Bottoms

Are the only THOROUGHLY WATERPROOF BOOTS Manufactured.

.....

THEY are made on an entirely new principle—No Sewing, Pegging, or Rivetting required in their formation; Insoles perfectly smooth and agreeable to wear.

R. & J. DICK have made it their special study to meet a felt want, and after a long course of experiments have succeeded in arranging and uniting the sole to the upper with their impervious solution; by which process they are enabled to produce a thoroughly watertight boot, that combines warmth with lightness, and durability with cheapness.

Can only be had from

THE BLEND!!!

I can strongly recommend my BLEND of Old-Matured HIGHLAND WHISKIES as being a selection of the choice productions of the most Famed Distilleries of the North and West of Scotland, mixed so as to give full effect to the special qualities possessed by each. This Blend is pleasant to the palate, as it is mellowed by age. It is restorative, owing to the different Spirits being Blended with a due regard to their chemical properties. It is nutritious and wholesome, because it is Distilled from the finest Scotch Barley, and that which contains the greatest amount of saccharine is only mashed. It is invigorating and gives zest and an exhilarating tone to the constitution. This Celebrated and most delicious Old Spirit is composed of the very cream of Old Highland Whiskies: is perfectly pure and divested of all Fusel Oil, peculiarly free from acidity, and is better adapted for general use than any other Spirit—Cognac Brandy not excepted. All the Whiskies used in this Noted Blend are specially Distilled and kept in Customs' Bond for Ten Years before being used, and until they are toned and completely matured by age.
